
Armstrong Timber Engineering

Job Description - Production Operative

As part of Armstrong Timber Engineering's operations team, you will be involved in the manufacture of our products, including timber frames, roof trusses, and floor joists that have been designed to our customer's specific requirements.

Several full-time positions are available to the right candidates. You should be motivated with the right attitude, and in return will have the opportunity to work for an established family-owned company that is currently growing and expanding its operations. Previous experience is desirable but not essential as full training will be provided.

The candidate:

- Good with hands. Experience in the use of power tools is an advantage.
- Ability to learn quickly, be efficient, and be hard-working.
- Excellent concentration and attention to detail
- Motivated and shows initiative.
- Strong communication and interpersonal skills
- Flexible and willing to work overtime as required.
- Effective time management and multi-tasking skills
- Follow workplace health and safety, including undertaking training.
- Fluent English

What we offer:

- Full-time permanent position
- Salary starting from €11.50-€13.00 per hour, depending on experience.
- Overtime rates
- Weekly performance-related bonus of up to 20%
- Up to 10 days paid Sick Leave per annum.

- On-site parking
- Company events
- Upskilling and development opportunities
